

## **Give your pet a Nuheart:**

Australian made, proven and trusted prevention with a wide acceptance in Australia and worldwide.

### **NUHEART has a unique three-way delivery system:**

**SIZE:** NUHEART's small size, across the entire range, ensures easier dosing and less rejection

**FLAVOURING:** NUHEART's sweetly meat flavoured base is attractive to dogs and makes "tablet time" simple. Your dogs will love it!

**SOLUBILITY:** For difficult dogs, NUHEART can even be dissolved quickly in a small amount of water and mixed in the pet's food. They won't even know they've had it! How simple is that!

**Ease:** Administer one tablet monthly.

**Effective:** Contains exactly the same ingredients recommended by vets worldwide for the prevention of heartworm in dogs.

**Trusted:** Approved by the Australian Veterinary Medicines Authority. Available in handy boxes of six. Once you've used NUHEART, you're guaranteed to be coming back for more. We look forward to NUHEART working in partnership with you to enhance your pets health.
