

Muscle-G

Anti-oxidant Supplement for Greyhounds

PERFORMANCE/ EXERCISE RECOVERY

VITAMIN E ANTI-OXIDANT SUPPLEMENT FOR PEAK MUSCLE PERFORMANCE & RECOVERY IN RACING GREYHOUNDS

KEY INGREDIENTS per Kg:

Vitamin E50 41,000IU, Vitamin C 25g, Selplex 50 4.375g, Magnesium (as magnesium chelate) 8g, Vitamin B1 0.375g

Features

- ❑ Specifically formulated for performance Greyhounds to prevent muscle damage, stiffness, soreness, muscle fatigue and cramping to improve recovery.
- ❑ Provides a blend of organic Selenium, Vitamin E, Thiamine and Vitamin C for optimal muscle health and nutrition.

Benefits

- ❑ Maintains healthy muscles by significantly reducing muscle damage from the free radicals produced during hard exercise.
- ❑ Selenium and Vitamin E are anti-oxidants found in Muscle-G. Selenium protects muscle cells, and Vitamin E protects cell membranes.
- ❑ Thiamine enhances energy production and liver function.

DIRECTIONS FOR USE/CONTRAINDICATIONS:

Mix evenly into feed once daily.

DOSAGE RATES:

A measure is provided. One level measure holds 4g of Muscle-G. The recommended rate is 4g daily. This can be doubled for two days prior to racing if required to ensure maximum levels of anti-oxidant nutrients are available to cope with the oxidative stress imposed by racing.

PACK SIZE(S):

1kg & 4kg
